

## **CLIMATE FRAUD FACTS**

1. Water vapor is the most important greenhouse gas and accounts for **95%** of warming. It **controls temperatures** like a “thermostat”. Human-made CO<sub>2</sub> accounts for **1%** of greenhouse gases and has a **limited impact on warming**.
2. For every 85,000 molecules of air, 33 are CO<sub>2</sub>. For every 33 molecules of CO<sub>2</sub>, 32 are “natural” and essential to life on earth. How can **1 molecule of 85,000**, produced by humans, cause catastrophic warming? **It cannot!**
3. They substituted **Climate Change** for **Global Warming** because temperatures did **not increase**. **Severe weather** and **natural disasters** promote apocalyptic predictions. But Hurricanes, tornadoes, and cyclones have all declined. The only natural disasters are fires **they cause** by forest mismanagement.
4. The Executive Secretary of U.N. Conferences admitted that the **goal** of the Climate Change movement is to **replace Capitalism with Global Socialism**. ***Ensuring a more sustainable and equitable Society.*** Redistribution of wealth.
5. The United Nations is a corrupt political organization. Their intent is to control energy and gain power through Globalization. The hoax about human caused global warming is used to **deceive** the public and policy makers into believing they are **responsible**, and must be held **accountable**. Climate Change is not about the environment, it’s about power and money.
6. We are living in one of the **coldest periods** in all of Earth’s history. A solar minimum is starting and will continue for the next 30 to 50 years. Forecasts say we could experience a mild **Mini Ice Age**. ***Global warming has “paused”.***
7. The IPCC falsely overstates the importance of CO<sub>2</sub> by **amplifying** its Global Warming Potential, which is **limited by its absorption of Infrared Radiation**. CO<sub>2</sub> is a **weak gas** that is not capable of increasing temperatures on its own.
8. The hacked emails of “Climategate” revealed the corruption and deception by leading IPCC scientists and authors. They manipulated, withheld, and destroyed data; controlled publishing; discredited opposing views; falsified reports; and used their power to censor research by other scientists.
9. The Sun **drives** temperatures and Water Vapor **controls** temperatures. CO<sub>2</sub> **lags behind temperature**, and has **no effect on Water Vapor**. It’s primary role is to nourish the ocean, plants and land as part of the Natural Carbon Cycle.
10. The Climate Socialists want to replace fossil fuels with energy that doesn’t work and is too expensive. They want us to stop using airplanes and trains, tear-down and rebuild our infrastructure. The cost is staggering. There are no benefits. We lose our lifestyle and freedoms. America is destroyed forever.
